

Priory Surgery Infection Control Statement

Purpose

This annual statement will be generated each year in July in accordance with the requirements of the [Health and Social Care Act 2008 Code of Practice](#) on the prevention and control of infections and related guidance. The report will be published on the practice website and will include the following summary:

- Any infection transmission incidents and any action taken (these will have been reported in accordance with our significant event procedure)
- Details of any infection control audits carried out, and actions undertaken
- Details of any risk assessments undertaken for the prevention and control of infection
- Details of staff training
- Any review and update of policies, procedures, and guidelines

Infection Prevention and Control (IPC) lead

The lead for infection prevention and control at Priory Surgery is Laura Cox: Lead Nurse

The IPC lead is supported by Cara Fynn (Practice Manager) and Dr Carrie Saunders (Partner responsible for Health and Safety).

a. Infection transmission incidents (significant events)

Significant events involve examples of good practice as well as challenging events.

Positive events are discussed at meetings to allow all staff to be appraised in areas of best practice.

Negative events are managed by the staff member who either identified or was advised of any potential shortcoming. This person will complete an Incident Reporting form which commences an investigation process to establish what can be learnt and to indicate changes that might lead to future improvements.

All significant events are reviewed and discussed at several meetings each month. Any learning points are cascaded to all relevant staff where an action plan, including audits or policy review, may follow.

In the past year, there have been 0 significant events raised which related to infection control. There have also been 1 complaints made regarding cleanliness or infection control.

b. Infection prevention audit and actions

The Practice has carried out the following IPC audits this year:

Annual IPC audit	15.07.23
Quarterly IPC Audits	Oct 22, Jan 23 and April 23
Monthly Room Audits of Daily Room checks	
Handwashing Audits for all staff	
Monthly audits of daily fridge checks	
Bi-monthly cleaning audits	

A operational meeting is held following every annual and quarterly audit. Any actions are added as appropriate to the premises work schedule, and/or followed up at practice, operational and team meetings.

c. Risk assessments

Risk assessments are carried out so that any risk is minimised and made to be as low as is reasonably practicable.

In the last year, the following risk assessments were carried out/reviewed:

- General IPC risks reviewed as part of our Annual Review of Risk Register and Risk Measures in Place and at Partners' meetings following IPC audits
- Immunisation checks and Covid Risk Assessment for new joiners
- COSHH
- Cleaning standards reviewed
- Sharps procedures reviewed
- Waste disposal procedures reviewed
- Water safety monthly checks continued
- Toys policy reviewed
- Assistance dogs policy reviewed

We review all IPC policies and processes on a yearly basis.

d. Training

In addition to staff being involved in risk assessments and significant events, at Priory Surgery, all staff and contractors receive IPC induction training on commencing their post. Thereafter, all staff receive refresher training annually.

Various elements of IPC training in the previous year have been delivered at the following times:

In additional to annual refresher training we carry out:

- Hand hygiene training for all teams spaced across the year
- New starter IPC training with our lead nurse on commencement of employment.
- Spills kit training for our Nursing and Reception team on an annual basis
- Training on waste disposal processes for any new members of our cleaning staff

e. Policies and procedures

The infection prevention and control-related policies and procedures that have been written, updated, or reviewed in the last year include, but are not limited, to:

- Priory Surgery IPC Handbook
- Cleaning Standards
- Procedure to review, timetable and action findings of all audits.

Policies relating to infection prevention and control are available to all staff and are reviewed and updated annually. Additionally, all policies are amended on an ongoing basis as per current advice, guidance, and legislation changes.

f. Responsibility

It is the responsibility of all staff members at Priory Surgery to be familiar with this statement, and their roles and responsibilities under it.

g. Review

The IPC lead and Practice Manager are responsible for reviewing and producing the annual statement.

This annual statement will be updated on or before 31.07.24
